Ref No. DBU/SM/136/20-05 dated 5th May 2020

Extension of Closure of Classes on Campus and other activities on Campus to prevent the spread of Coronavirus

In addition to the latest notification on curtailment of academic and extra-curricular activities at the University Campus to prevent the spread of Covid19 (Ref No. DBU/SM/136/20-04 dated 14th April 2020), and in accordance with the Government's instructions on a continued nationwide lockdown, the University hereby extends the suspension of classes and activities on campus until further notice.

However, active engagement of the students online by the Faculty has proved to be exceptionally successful; and this manner of covering the syllabus and conducting online tests and examinations will continue with much greater emphasis during the lock-down period.

The University is also getting geared up for conducting the end semester examinations online if the situation so warrants.

For further information on this and related matters, keep checking the University Website.
